GROUND RESISTANCE AND GREEN PROVISION

MEIJNS (NL)

'We receive very positive responses from our clients. They are happy that we contribute to the safety of our fellow road users.'

THIESS GÜLDENZOPH (DE)

'WE ARE THIESS GÜLDENZOPH (DE)

'We are very impressed with this useful product on our tractors.'

CONTRACTOR HOFFMANN (DE)

't is very positive to be seen in the dark; it's simply brilliant. The safety is improved by 1000%, which greatly excites my customers.'

MACHINERY SALES SCHIPPER (NL)

'Our experience as a dealer is that the bumper has a nice appearance, is nicely finished and functional in use. Responses from users and fellow road users are very positive.'

INFRA CONSTRUCTION DE KUIPER (NL)

'The width marking in particular gives the other road users a different view of the size of the tractor with the ground cart. Faster and better estimation of the width.'

MACHINERY SALES KDW TECHNIKWELT (AUT)

'As the importer of Tractorbumper for Austria, we can offer a high-quality product that enhances safety and has excellent craftsmanship.'

TractorBumper is a family company in the Netherlands since 2013.
